B.E. Computer Engineering
Vidyavaridhi College of Engineering, Vasai

EDUCATION

- **Bachelor of Engineering in Computer Engineering** *2023-Present*
  Vidyavaridhi College of Engineering, Vasai CGPA: 7.7/10
- **Higher Secondary Education** *2021-2023*
  Vartak College, Vasai 68%

WORK EXPERIENCE

- **Codesoft**
  (Aug2025-Sep2025)
  – Built a personal portfolio website showcasing projects and skills.
  – Created a Myntra landing page clone with a responsive design using HTML, CSS, and JavaScript.
  – Enhanced front-end development skills by applying real-world project practices.

- **CMSS**
  (Dec2025-Jan2026)
  – Designed and managed databases using SQL writing queries and handling real application data.
  – Integrated backend APIs with a Flutter frontend, which helped me understand full-stack workflow.
  – Debugged issues, tested features, and improved system performance.

PROJECTS

- **College Event Management Website**
  – Built a website to address the lack of event information and coordination among college event committees.
  – Allowed event committees to list upcoming and ongoing events, providing detailed information such as event schedules, venues, descriptions, and registration links.
  – Allowed event organizers to easily update and manage their events.
  – Built with HTML, CSS, and JavaScript to ensure a responsive and user-friendly experience.

- **Myntra Website Clone (Landing Page)**
  – Developed a clone of the Myntra e-commerce website, replicating core features and user interface.
  – Included a navigation bar with categories like men, women, kids, and offers, along with a prominent search bar.
  – Implemented a product carousel showcasing popular items and new arrivals.
  – Built the homepage using HTML, CSS, and JavaScript for front-end development.

- **Portfolio Website**
  – Developed and deployed a responsive portfolio website to showcase personal projects and technical skills with an engaging user interface and mobile-friendly design.
  – Integrated contact form with front-end validation using JavaScript.
  – Included a project showcase section that dynamically displays project details using JavaScript.
  – Added GitHub links to the projects in the portfolio.
  – Included skills section via progress bar.

TECHNICAL SKILLS

Core Programming Languages: HTML, CSS, JavaScript, C++, Python
Framework and Libraries: React, TailwindCSS, Bootstrap, Redux
Database Management: PostgreSQL, pgAdmin, MongoDB
Tools: RESTful API, GitHub, VS Code
Computer Science Fundamentals: Data Structures in C++, Algorithms, OS, DBMS, Computer Network

CERTIFICATIONS AND ACHIEVEMENTS

- **Hackerrank SQL(Basic) Certificate [Link]**
- **Infosys Python Certificate [Link]**
- **Horizon Hackathon Runner Up**
